Ok Joe. Please go ahead and put a place holder for said meeting for a date/time that makes sense in early January so we can plan for it, even if we have to then make an adjustment following New Year's Day.

Thanks,

Good morning all,

I participated in a classified call w/ the White House Military Office regarding operations for the inauguration this morning. I created a TS/FORN document that is now in the SCIF if anyone wants to look at the specifics. At any rate, we will need to have a secure call or meeting with the team in early January – there are important preparations that need to be made.
